DIPLOMA IN PROGRAMMING COURSE

Course Contents

Module 1 : Foundation

Intro Logic & Flow Charts

- Programming Fundamentals
- Operating System
- Types of Application Programs
- ALGORITHM, Flow Charts

Introduction OOP'S

- Class-& Object, Methods
- Abstraction, Polymorphism
- Inheritance & Types of Inheritance
- Encapsulation
- Overloading & Overriding

C Programming

- Syntax / Operators / Data Types
- Control Statement / Loops
- Structures / Array Types
- String / File Handling / Preprocessor

DATA STRUCTURE

- Algorithms
- Flowcharts, Arrays
- Stack, Queue, Trees
- Graphs, Sorting Techniques
- Searching Techniques

ASSIGNMENTS / PROJECT

C++ Programming

- Syntax / Operators / Data Types
- Control Statement / Loops
- Arrays, Structure
- Exceptional Handling

MySQL

- Introduction, Administration
- Connection, Create, Drop,
- Select Database, Insert Query,
- Null Value, Like Clause
- Sub Query

Module 2 : Web Development

HTML / CSS

- Tags, Attributes, Font, Heading
- Image, Table, Link, Source
- Form, Frames - Target Link
- CSS - Link Styles
- Styles Tags - Attributes

JAVASCRIPT

- Methods - Events
- Using Names
- Objects & Methods
- Validation Options
- Interaction with Webpage

PHP

- Variables, Echo / Print
- Data Types, Strings, Constraint
- Operators, If-ELSE-ELSEIF Functions
- Form Handling, Validation Form
- Looping Structure of PHP, Arrays

Module 3: Python Programming

PYTHON PROGRAMMING

- Setup
- Installation of Python
- Feature
- Data Type
- Variable

- Operators
- Conditional Statement Loops
- Control Statement
- Topics Strings List & Dictionary
- Oops, Constructor

DATABASE CONNECTIVITY

Career Options :

- Backend Developer
- Web Developer
- Frontend Developer
- Product Manager
- Application Developer
- Database Administrator

"Cracking the Code: Exploring the World of Programming"

DPC
Course

DIPLOMA IN PROGRAMMING COURSE

Course Contents

Module 4 : Advanced Java

CORE JAVA

- Introduction to Java
- Java Class, Inheritances
- Polymorphism,
- GUI with Swing Controls
- Multi Threading, Exception Handling
- Constructor
- INTERFACE - Applets, JDBC, Robust
- Interpreted, Dynamic, JIT Compiler

ASSIGNMENTS / PROJECT

ADVANCED JAVA

- Servlet
- Use of Cycle of Servlet
- Servlet Management
- JSP - Action Elements
- Scripting Elements
- Directive Elements
- Session, Cookies
- Http Request, Http Response
- Implicit Objects, EJB - Session Bean
- JDBC ODBC Connectivity

Module 5 : .Net Technology

C# -

- Introduction to .Net
- Variables & Data Types, Class
- Inheritance, Array Types
- Polymorphism, Constructor
- Exception Handling, Delegates, Events
- Multithreading interface

ASSIGNMENTS / PROJECT

ASP.NET

- Intro of Web technologies
- Features, Server Control of ASP
- User Control, Custom Validator
- State-Cookies, View State
- Dynamic Data Websites
- Sessions, Custom Control
- Regular Expression Validator

ASP.NET

OR

Module 5: Angular & React

ANGULAR

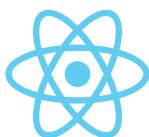

- Angular Components
- Data Binding
- Pipes & String Typing
- Angular Modules
- Integration with Angular Material

&

REACT

- Components in React
- State management Lists & keys,
- Handling events, Forms
- Handling HTTP requests
- Server-side rendering (SSR)

STUDENT REVIEW

Google REVIEWS
4.9 RATING

ADITI OJHA: I've had great experience with primezone , the faculty is great , really friendly environment and the knowledge you get is precise . For reference - i am in my 2nd year of degree college and i did advanced excel.

Krutika Payare: I have great experience in prime zone. The faculty are real sporting, best computer classes for graphic designing

sahil Kanjola: Positive: Communication, Professionalism, Quality, Value

Nir Rawat: I am from Nepal. I came to learn computer in Joglewari branch. I have done DIA course. The experience was good. The faculties were also good. The lectures were also time to time. There are many computers for each student. Thankyou primezone

Salvia Gonsalves: I have opt for Advanced Excel and the education provided here is really great as they give personal attention to each student by teaching individually and personal solving. Also assignments are given regularly after each topic. Really loved the environment here and recommend it.

Sinchan Hegiste: It is the best classes for all the courses they offer... they've cooperative staff with good experience

Shalaka Sapre (ChiO.o): I just wanted to tell you how much I enjoyed the class(Graphic designing). What an excellent instructor and I learned a lot new things here. Faculties are highly professional and they really make concepts simple. I would definitely recommend this class. Loved the experience.

henal J Parmar: Primezone Computer education is the best teaching institute to learn and excel your computer skill. It has the best teaching staff. All teachers are friendly and teach with personal attention.

S Shankar Thakur: Goods facility and teacher are very helpful to student for any doubts difficulty any courses and excellent teaching for student. Easily understand! (DFA course) thanks you

VIRAJNAGARE: Positive: Communication, Professionalism, Quality, Value
